HEMATO-ONCOLOGY MEETS NEPHROLOGY

Welcome to the 3rd Austrian Meeting — Hemato-Oncology meets Nephrology

Dear Colleagues, Dear Friends,

It is our great pleasure to welcome you to the **3rd Austrian Meeting "Hemato-Oncology meets Nephrology."** This interdisciplinary forum brings together leading clinicians, researchers, and healthcare professionals from hematology, oncology, nephrology, and related fields to explore the dynamic and increasingly important intersections of cancer care and renal health.

In an era of rapidly evolving therapies and complex patient needs, collaboration across specialties has never been more vital. This meeting provides a unique opportunity to share cutting-edge scientific insights, discuss clinical challenges, and foster meaningful dialogue that will advance both research and patient care. We are delighted to host this vibrant exchange of ideas and experiences and to create an environment that encourages networking, innovation, and mutual learning.

Thank you for joining us — your participation and expertise are key to the success of this meeting. We look forward to engaging discussions, inspiring presentations, and productive collaboration throughout the event.

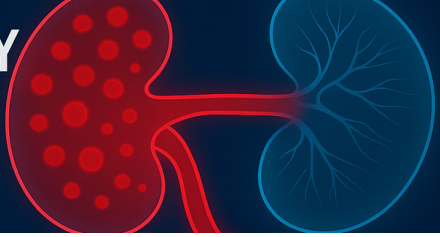

Welcome and enjoy the meeting!

Klaus Podar & Wolfgang Willenbacher
